

US-African Clean Energy Standards Program

Category: Capacity Building

Sub-Category: Technical Assistance

Users: Private Sector, Public Sector, U.S. Companies

Donor: United States Trade and Development Agency (USTDA)

Donor Countries: United States of America

Description:

1-2 day Workshops addressing standards issues in clean energy market, particularly the need to set common standards for new technologies in this market. Workshops include public sector officials overseeing standard setting as well as companies and stakeholders providing and using relevant solutions.

Location: Sub Saharan Africa

On- or Off-Grid: Both

Geography:

Low- and middle-income countries, with priority given to select countries in each region.

Eligibility:

Demonstrated need that standards and market information would assist in growth of sustainable clean energy projects and solutions.
